DEMOCRATS IN PANIC, RENOUNCE BRYAN.

"Peerless Leader" and Mack in Danger from Stampeding Partisans.

Nebraska Wants to Attack President Personally, but Advisers Fear More Slaughter—He Hastily Summons Chief Comforter to His Side in Michigan—War-horses Flock to the Republican Standard.

(BY DIRECT WIRE TO THE TIMES.)

CHICAGO, Sept. 22.—[Exclusive Dispatch.] William Jennings Bryan is having a hard time keeping ahead of his party these days. The Democrats are all on a stampede and their "peerless leader" and his manager, Norman E. Mack, are leading by only a nose. After sending a defiant telegram to President Roosevelt today Bryan's scare got the better of him and he sent a hurry-up call to John E. Lamb, chairman of the Advisory Committee, to come to Michigan for a conference. Lamb dropped his work at the Democratic national headquarters and boarded the first train to his master's side.

The question on which advice is sought, it is generally admitted at Democratic headquarters, is whether Bryan shall open a personal attack on the man who has exposed him and Gov. Haskell of Oklahoma, his chief backer, and thus deal the Democratic party a blow from which even the most sanguine do not expect to recover during the campaign.

"NO MORE EXPOSURES." Bryan is particularly angry at President Roosevelt because of his letter of yesterday advising Taff's candidacy and scoring the Democratic leaders. He wants to wage a personal warfare against the President and thinks he could get more prestige of which he is now bereft. But his advisers are against any move of this kind and do not hesitate to brand this belief as Bryan's part as "another of his hastily formed opinions of the result of which nobody can be certain." They base their advice against any further personal hostilities on the fact that the President and the Republican leaders have several more shafts in their quiver which they are likely to let go on the slightest provocation, and, as one of the Democratic warhorses put it tonight, "We don't want any more exposures on our hands for awhile."

As a matter of fact the Democratic managers are puzzled as to which way to turn. They are disappointed at the prompt repudiation of Foraker by the Republicans and the harm to that succeeded what they hoped would become an issue. The Foraker incident is closed in spite of the efforts of the country has been drawn by the facts, and the unconcealed alarm of Bryan and his cohorts at the discovery of the facts of the venal element that rules the Democratic party.

STAMPEDE TO TAF. Prominent Democrats of the East, West, North and South are rapidly falling away from their candidate and party and enlisting under the banner of the Republicans. They declare, in renouncing the party to which they have been loyal, many of them for years, that they cannot stand for Bryan and his crowd of demagogues.

"Lack of principle" is one of the mildest reasons given by the deserters. "We've been fighting and working ever since the war," one of them declared today, "and what have we got to show for it? Not a thing except a lot of theories that common sense shows plainly cannot be worked out in practice, and if they were, would ruin the country. It is time we all got together and pushed the Republican party on to complete the success it has made of governing the country."

William Prentiss, former Circuit Judge, a lifelong Democrat, prominent in the working of his party for two decades in Chicago, president of the Civil Service Commission under

Mayor Duane, and for twelve years an ardent supporter of Bryan, renounced his allegiance to the Democratic party today and came out openly in support of Taff.

"I can't stand Bryan's treachery," was the comment of this twelve-year friend of the Nebraska, as he announced his discession from the party.

Haskell, Bailey, Sullivan, Taggart—that's a fine accusation! No, I'll not be identified with that crowd any longer. I am ready to take the stump and speak for Taff from now until election."

PARTY PANIC-STRICKEN. Judge Prentiss' action is a fair sample of what is being reported from all parts of the country, and this fact, which is thoroughly appreciated by those in charge of the Democratic headquarters, adds to the panic that has struck the party.

News from Oklahoma tonight that the people of that State are anxious to have Haskell quit the gubernatorial chair—many prominent Democrats among the number who consider demanding action of that nature—doesn't help the national Democratic treasurer's stand with his own party. Haskell seems to be the principal drag to the Democratic party, aside from Bryan himself. Not only is he being renounced by his own people in Oklahoma and convicted in the minds of practically every one of having had improper relations with Standard Oil, and of trying to bribe Atty.-Gen. Moenett of Ohio to call off certain suits against the Standard Oil Company, but reports came today from New York showing how he has made enemies among the business men of that city. The report says that Wall-street bankers and brokers supplied Gov. Haskell with some interesting facts on which to ruminate. Haskell has declared that he was living in New York in 1904, and not in Ohio.

"There is no question about Haskell being here then," declared E. L. Oppenheim of E. L. Oppenheim & Co. "I knew Haskell to the tune of over \$250,000."

Altogether there were upwards of 100 investors of New York and other eastern cities who bought \$1,194,000 worth of 5 per cent. gold mortgage bonds of the Lima Northern Railroad, and \$2,062,000 worth of 5 per cent. gold mortgage bonds of the Detroit and Lima Northern Railroad. These bonds were introduced in Wall street by C. N. Haskell, a young lawyer of Ottawa, O., and they were juggled about until they became worthless.

FAMOUS COMIC ARTIST DEAD. F. M. Howarth, Author of "E. Z. Mark," Passes Away Suddenly at Home.

(BY DIRECT WIRE TO THE TIMES.) NEW YORK, Sept. 22.—[Exclusive Dispatch.] F. M. Howarth, the artist, who originated "E. Z. Mark" and other familiar comic pictures, died today at his home at Germantown, a suburb of Philadelphia. His death was quite sudden. He was accustomed to do his work at home. His reputation began when he made humorous drawings for Puck, with which publication he was connected for many years. Later he drew for other papers. He was about 45 years old.

FIRE FIGHTERS CRY FOR AID. ST. PAUL (Minn.) Sept. 22.—A message was received at Gov. Johnson's office this afternoon, saying that the city of Blmldth, with a population of 700, is in serious danger on account of forest fires, and asking that help be furnished to fight the fire.

THIRTEEN KILLED ON FRENCH CRUISER. (Associated Press Night Report.)

TOULON (France) Sept. 22.—During gunnery drill today one of the big turret guns on the French armored cruiser La Touche-Treville exploded with terrific violence, completely wrecking the after turret and killing outright the entire gun crew of thirteen men. A number of men were seriously injured, some of them probably fatally.

The accident was similar to that aboard the gunnery school ship Couronne of Les Salles D'Hyeres, August 12, last, when, by the bursting of the breech of one of the guns, six men were killed and eighteen injured.

The drill today had been proceeding for a considerable time, when, without warning, the whole turret seemed

to blow out. Disembodied bodies were thrown in all directions, and several of them were hurled into the sea through the great breach caused by the explosion.

The spectacle was horrible, the dead and wounded, together with shattered arms and legs, littering the decks. A call to quarters was sounded, and as speedily as possible the wounded were cared for. The gun that exploded was 7.5 inches bore, of which the cruiser carried two. Happening so soon after the accident on the Couronne, the explosion today has caused a sensation in naval circles, and doubtless will lead to a most rigid investigation.

The La Touche-Treville carried a complement of 370 men.

HUNDRED TEN DROWN IN WRECK OF SHIP.

Star of Bengal Goes on Rocks at Coronation Island—Tugs Forced to Cut Loose—Twenty-seven Are Saved.

(Associated Press Night Report.)

SEATTLE, Sept. 22.—Advisers received tonight from Alaska by way of the United Signal Corps say that 110 men, including nine whites, were drowned in the wreck of the American bark, Star of Bengal, Capt. N. Wagner, on Coronation Island, west of the Prince of Wales Archipelago.

Twenty-seven of the vessel's crew and passengers were saved.

The Star of Bengal belonged to the Alaska Packers' Association, and was on her way to San Francisco with a cargo of 54,000 cases of salmon. In addition to her crew she carried 100 Chinese and Japanese, who were employed in the canneries of the company and taken aboard at Port Wrangell.

The Star of Bengal took aboard cargo at Port Wrangell, consisting of canned salmon, and started down summer Strait in tow of the tug Hatle Gave and Kayak. As the vessel neared the open sea where the sailing craft would have sea room to work off shore, the wind was steadily freshening, blowing on shore.

The tugs struggled valiantly to keep the ship close of the rocks, but the wind drove it down on the rocks lining the shore of Coronation Island, which lies at the mouth of Iphigenia Bay, and to save themselves from destruction the steam vessels were forced to cut off the lines and head out to sea.

The Star of Bengal went on the rocks in such a position that the tugs could not get near enough to give any assistance, and the Gage headed

back to the open sea.

The Star of Bengal was being towed to sea by the tugs Kayak and Hatle Gage, and was blown ashore. The tugs were obliged to cut loose to save themselves.

GOMPERS MUST ANSWER.

Losses Point in Boycott Fight Before Supreme Court of District of Columbia.

(Associated Press Night Report.)

WASHINGTON, Sept. 22.—After three hours of argument Chief Justice Clark of the Supreme Court of the District of Columbia today directed that President Gompers of the American Federation of Labor should reply to the questions regarding the contents of the September number of the American Federationist, in the course of taking testimony in the contempt proceedings against Gompers and other officials of the federation.

ACH FLAYS HENNEY. Ach arose in reply to Henney's assertion that he, Ach, was "the shrewdest and most unscrupulous lawyer he had ever met in a courtroom," denounced the methods of the prosecution in the most caustic terms and flayed the Assistant District Attorney in vitriolic words, referring to his blood, "as half Irish, half German and God knows how much yellow."

Ach declared that no one believed the statement that Oliver was not acting under instructions when he endeavored to interview two men who had been passed into the box and touched upon the difficulty of getting a jury as being more difficult by the "imported methods of a Henney and a Burns from Arizona and elsewhere."

Replying to Ach's assertion that he had been driven from college because he had "rattled a reporter for writing a lying article about him,"

Red in the face, and trembling with emotion, the Assistant District Attorney turned to the long row of newspaper men directly behind him and said:

The cannery claim they entered into a contract with the Lochte company for the sale of 550 cases of canned asparagus to be delivered in this city, and that in accordance with the contract delivered the goods which the Lochte company refused to receive. On this refusal the Cannery Association was forced to place the goods in storage, and it prays that the Lochte company be made to pay it the freight and storage charges, together with the contract price, \$258,520, making a total of \$324,520.

GRAFT PROSECUTION.

HENEY DISORDERLY, ORDERED TO SEAT.

(Associated Press Night Report.)

SAN FRANCISCO, Sept. 22.—The hatred, resentment and deep unbecoming animosity between the prosecution and the defense in the trial of Abraham Ruef, broke out this morning before Judge William P. Lawlor in the most bitter verbal clash between Henry Ach, chief counsel for Ruef, and Henevy, that has yet marked the case.

The principal events and most dramatic incidents of the bribery graft prosecution of the past two years found an echo in the vitriolic words in which the two attorneys exorated each other and in the caustic charges and counter charges as to the methods employed by each side.

Judge Lawlor finally peremptorily ordered Henevy to take his seat while the latter was seeking to justify his attack on the prosecution, and the court then rebuked Ach for saying things which irritated and tended to arouse the resentment of the District Attorney.

The one side smarting under the allegations of jury tampering, as a result of the indictment last week of Frank J. Murphy, Ruef's associate counsel, J. J. West, law partner of the defendant, and others alleged to have been implicated, and the other side from the developments yesterday which resulted in Charles F. Oliver, Jr., a special agent for the prosecution, being adjudged in contempt of court for attempting to interview jurors after they had been tentatively accepted, trouble was quickly precipitated this morning, when Dennis Murphy, who had been passed into the jury box, asked to be excused. He

declared that agents were investigating not only himself and his family, but had gone to friends and places where he had lived years ago, and that this had affronted him and biased him in favor of the defense because of such tactics of the prosecution.

ACH FLAYS HENEY. Ach arose in reply to Henevy's assertion that he, Ach, was "the shrewdest and most unscrupulous lawyer he had ever met in a courtroom," denounced the methods of the prosecution in the most caustic terms and flayed the Assistant District Attorney in vitriolic words, referring to his blood, "as half Irish, half German and God knows how much yellow."

Goodwin Files Petition in Reno Asking for Separation.

Charges Against Wife Are Matter of Secret Record.

Rumor Connects Miss Edna Goodrich With Move of Actor.

(BY DIRECT WIRE TO THE TIMES.)

RENO, Sept. 22.—[Exclusive Dispatch.] Nat C. Goodwin this afternoon, through his attorneys, filed a complaint praying for a divorce from his wife, Edna Goodwin, known before the footlights as Maxine Elliott. The papers in the case are sealed, and both noted actor and his attorneys, Dodge and Barry, refuse to discuss the case in any details whatever.

No other papers in the case have as yet been filed and the exact nature of the allegations are veiled in mystery. It is stated, however, that the complaint tells a story of improper conduct in the beautiful Maxine's life behind the stage on two continents. Jarrot and Tyrell of Los Angeles are also attorneys for Goodwin. All efforts have failed to ascertain from those connected with the case in Reno whether a contest is anticipated.

Goodwin has been in Reno about three days. His coming was heralded and the finding of the papers but hours ago a rumor which has circulated in Reno circles for some time. Together with this rumor was one which said the pretty Maxine was preparing a complaint which would contain some very startling allegations against the actor.

Connected with the filing of the papers by Goodwin is the conjecture that it has much to do with the recent story of the breaking off of the engagement between Goodwin's leading lady, Miss Edna Goodrich, and Harry McMillan of Goldfield.

The surmise is that Goodwin was out in his continental chase and pursued for the heart of Miss Goodrich, and after he had seduced Maxine, who wed his pretty leading lady, Goodwin has been connected with the Nat C. Goodwin Brokerage Company, doing a mining, promotion and brokerage business in Reno for a year, and as it was known he was not heavily invested financially, it is now presumed this was his method of establishing his residence in order to comply with the law in filing his suit.

Theatrical circles watching the outcome of the divorce case, which has here some two months ago, will now eagerly keep their ears and eyes on the Nevada divorce courts for what may develop in this case.

ACTRESS CHILLS INTERVIEWERS.

(BY DIRECT WIRE TO THE TIMES.) PHILADELPHIA (Pa.) Sept. 22.—[Exclusive Dispatch.] Maxine Elliott, has her press agent tearing his hair and wishing he never was born. He has even gone so far as to express the belief that the lovely Maxine would stand cool and uninterferable with every one who clamored for news. There was a fine chance for her tonight, and she threw him down with not so much as a by-your-leave.

Miss Elliott's widely-known husband, Nat Goodwin, has begun proceedings to divorce her in the courts of Nevada, and she not so much as says she is sorry or glad, or gets back at the nimble Nat.

"My private affairs have nothing to do with my public life," and "you could count the icicles. It was not possible to get more out of the lovely Maxine."

BERLIN FEARS CHOLERA.

Four Suspects Arrive from Russia and Government Officials Plan Fight Epidemic.

(Associated Press Night Report.)

BERLIN, Sept. 22.—Four cholera suspects recently arrived from Russia, were taken to the Virchow Hospital this afternoon.

A conference of representatives of departments of health, the interior, army and marine was held in Berlin today to consider the cholera situation. Every preparation is being made to combat the epidemic should it occur.

IMPROVEMENT AT MANILA.

(Associated Press Night Report.)

MANILA, Sept. 22.—The cholera epidemic in this city is receding, judging from official reports today which give only seven deaths and thirty-six new cases for the twenty-four hours ending at 5 o'clock which is the smallest gain made by the plague in several days.

Encouraged by this first sign of victory, the Federal and municipal authorities are pressing the campaign to thoroughly cleanse the city with unabated vigor, confident of stamping out the disease in a short time.

SPREADING IN RUSSIA.

(Associated Press Night Report.)

ST. PETERSBURG, Sept. 22.—Up to noon today the municipal hospitals reported for the preceding twenty-four hours 117 cholera cases and 174 deaths. There is a total of 1587 patients in various hospitals. That the municipal statistics are incomplete is conclusively proved by the number of interments. At one cemetery they aggregated 434 for the last three days, or within twenty of the total number of deaths reported.

and Thirtieth street.
Almost immediately after these two
men had been sentenced, occupants of
the house received letters bearing the
black hand signature, warning them
that the house would be destroyed.
That the threats were not idle became
apparent early today when a passing
policeman saw smoke pouring from
the street door and opened it to find
the hall a mass of flames.
Already the tenants had been aroused
by the stifling smoke, and, finding exit
by way of the stairs cut off, were
crowding the fire escapes. So great
was the press that many of the weaker
ones overcame before they could get
through the windows.
Nicolas Divol, panic-stricken, sprang
through a third-story window for
the street. He was taken to a
hospital in a critical condition.
Policemen and firemen had a busy
time for a few minutes helping the
frenzied tenants down from fire es-
capes and high windows, and in carry-
ing from the burning building a num-

The fire was extinguished after it
had caused damage to the extent of
about \$200.

Mulatto in Washington Asylum
Unexpectedly Becomes Violent and
Seizing Iron Bar Fights His Way
to Freedom—Captured After Being
Shot in Leg.

WASHINGTON, Sept. 22.—In a
maniacal fury Andrew Lightfoot, a
mulatto inmate at St. Elizabeth Asylum
for the Insane, today killed Patrick
Maloney, the overseer of the grounds,
and Millie Pollen, a young inmate of
the asylum, and severely injured Miss
Robinson, another inmate.
The murderer escaped from the
grounds and fled to the swamps near-
by where a car of police, a score
in all, quickly surrounded the place
of concealment.
He was finally captured, after the
policemen found it necessary to shoot
him, inflicting a wound in the leg,
and was taken back to the asylum.
The murder occurred directly in
front of the main building for the men
patients at the asylum, which is a
government institution. Maloney, 50
years old, lived on the place with his
family. Lightfoot, who was 40 years
old, has been a patient of the hospi-
tal for eight years and was re-
garded as harmless.
For some time he has been serving
as an assistant to the overseer. He
was given in that capacity some of
the privileges akin to those enjoyed
by a "trustee" in criminal insti-
tutions.
Lightfoot today became suddenly
and violently insane. Grasping an
iron bar, which was close at hand, he
struck at Maloney and the blow landed
on the overseer's head, crushing his
skull and causing instant death.
Immediately the murderer sought to
escape. Millie Pollen was in his way
and he struck at her, also crushing
her skull. She dropped dead to the
ground.
Continuing in his flight, Lightfoot
encountered Miss Robinson and tried
to kill her with the same iron bar.
However, he succeeded in inflicting
only a slight scalp wound and a
bruise on her arm.
Lightfoot ran through the gates. The
police finally located him in the swamp
near Gleason Point and closed in on
him. Then he broke through the
ground of the City Poor House. There
he fought the police with stones and
sticks and it was found necessary to
shoot at him. He was not until he was
shot in the leg that he was finally
subdued and taken back to the asy-
lum.

BY DIRECT WIRE TO THE TIMES
CHICAGO, Sept. 22.—[Exclusive Dis-
patch.] United States District At-
torney Sims today received information
that Alfonso and Eva Doufour, under
federal indictment, charged with being
heads of the notorious "white-slave"
traffic in Chicago, had forfeited their
bonds of \$50,000 and fled for safety to
Paris.
Friends of the French man and his
wife advised that the couple left Chi-
cago several weeks ago for Paris, but
it is declared that they intend to re-
turn to this country in time for their
trials in the United States District
Court, which are called for the Octo-
ber term.
According to the information given
Dist. Atty. Sims, the Doufours pre-
pared for some time to flee the country,
as they had no hope of evading the
penalties for the crimes they are
charged with having committed.
The Doufours are said to have made
more than \$1,000,000 out of the "white-
slave" traffic.

FIND PRISONER MISSING.
WANTED FOR MURDER.
NEW YORK, Sept. 22.—Through a
mischance, Samuel Mannes, who it
was supposed by the police in Brook-
lyn was in jail under a charge of
felony, today was found to be at large.
Mrs. Frances McCabe, who was shot
three times in the home of her father,
Dr. Rosenthal, in Brooklyn, by Samuel
Mannes, who lives in Manhattan, died
of her wounds in St. Mark's Hospital.
Mannes, who attempted suicide after
the shooting, was arrested and locked
up in Raymond-street jail on charges
of felony assault and attempted sui-
cide.

AS SOON AS Mrs. McCabe died, Police
Captain Frank was notified and he
telephoned the warden of the jail that
the charge now against Mannes was
homicide. He telephoned back that
Mannes was released on the night of
September 17 in \$500 bail on the charge
of attempted suicide and that the
charge of felony assault had been dis-
missed. The police of the entire
city at once began a hunt for Mannes,
but no clew has been found.

THE RELATIVES of the dead woman
have asked the District Attorney's of-
fice to make a thorough investigation.
The Board of Magistrates will also
investigate.

SAN FRANCISCO, Sept. 22.—Stanford
Boyle, a former student of Stanford
University, son of Henry Boyle, a mil-
lionaire property holder of Seattle and
Oakland, and a member of a family
conspicuous in the most exclusive so-
ciety of the city, confessed today that he
had made confession of a number of
crimes committed in Marin county
last spring.
According to Sheriff W. F. Taylor,
who interviewed Boyle in jail at
Sausalito, the prisoner admitted that he
had held up fifteen men in the Na-
tional Hotel bar at San Rafael and
seriously wounded the constable that he
had attacked a young woman with a
club and pursued another, and was
guilty of other offenses, which, for
time, he refused to reveal. The
Sheriff is at a loss to supply a motive
for the young man's supposed participa-
tion in the crimes.

ployed as a stock clerk at the Detroit
Club, was found murdered today in an
alley between Congress and Main
streets, near Cass street. Munn, who
formerly lived at Colburn, Idaho, had
a bullet wound in the right temple.
Residents of the neighborhood heard
the shots last night and when they

bags in an upright position. No mo-
tive for his murder is known.

T. Ito, a Japanese, who was arrested
in Astoria, Or., on the charge of mur-
dering a woman in a restaurant at
No. 123 North San Pedro street, Feb-
ruary, was brought back last night
to stand trial. It admits the
shooting was precipitated when Oka-
saki refused to give Ito money which
the latter demanded. It was traced
to Seattle by W. N. White, who
caused his arrest when he boarded
a steamer for Japan.

Clark had created a disturbance at
Ulmer, Tex., and when Constable Tay-
lor attempted to arrest him, he ran
away. Taylor overtook him, and
after chasing him two miles, Clark
felled Taylor with a rock and after
a struggle took from him his
revolver and shot him in the
thigh. The negro escaped into the
woods, where he was captured by a
posse.

CARDINAL TEAM
TAKING FORM.
STANFORD RUGBY SQUAD CULLED
OF RAW MATERIAL.

Line-up for Preliminary Practice
Games Give Hint as to the Prob-
able Personnel of the Fifteen—Thur-
ough Try-out Before Men Are
Picked.

(SPECIAL CORRESPONDENCE OF THE TIMES.)
STANFORD UNIVERSITY, Sept. 21.—
The first opportunity to accurately
judge the chances of the various candi-
dates—for places on the "varsity" rugby
fifteen was furnished in Saturday's
game.

While it is plainly evident that the
team will be materially changed be-
fore the contest with California, the
present composition of the team fur-
nishes a fair basis for making a
guess as to the probable personnel.
The most noticeable fact is the ab-
sence of first class substitutes for the
back field positions. It was superior
strength in this quarter of the team
that enabled it to defeat the Califor-
nia aggregation last fall, but no
material will have to be developed if
the same high standard for the back
field players is to be maintained during
the present season.

Several players have been tried out
in an effort to find a suitable half to
fill the position left vacant by Kenny
Fenton, but no particularly clever play-
ers in this difficult place have as yet
been located. Mow Mitchell of Los Angeles
fills the place with credit, but his
absence from the position breaks up
the splendid team work which has been
developed between himself and Gagnon,
his partner in the intercollegiate
game.

All the available men for this place
will be given a thorough tryout and
with this end in view, E. E. Erb, the
Cardinal's first choice, is now
playing on the "varsity." In the few
games played this year Erb has shown
excellent judgment and a clever
and accurate punter at all times.

Another of the places that was en-
tirely unfilled at the opening of the
season was that of fullback, and here,
too, a number of men are being given
a trial. Up to the present time the
Cardinal's first choice for this place
has been H. L. Huxford, a former
player of E. T. Brown of Los An-
geles, and he will probably hold down
this position on both teams if he con-
tinues to improve. He has had little
opportunity to show his ability in de-
fensive play, but is a fast and accu-
rate man on the offensive.

Of the new players on the team, as
selected now, the most progress has
been made by L. Scott of Alameda,
the variety baseball player. Starting
as a novice, he has rapidly acquired
a knowledge of the game and is filling
the position of center with satisfaction.
Another new man at his position is

Best Medicine
Says a Doubting Thomas
"I Am Convinced That Duffy's
Pure Malt Whiskey Is the Best
Medicine I Have Ever Taken.
I Say This With Due Del-
iberation After the Use
of Two Bottles."
Chas. E. Getchell,
Webbs Mills,
Maine.

Mr. Getchell, Like Thousands of Others
who Have Been Greatly Benefited by
the Use of Duffy's Pure Malt
Whiskey, Cannot Say Too Much
in Praise of This
The World's Greatest Medi-
cine. Ca. Nov. 25,
1907, Mr. Get-
chell wrote as
follows:
"After due deliberation, having
used two bottles of Duffy's Malt
Whiskey, I am convinced that it
is the best medicine that I have
ever taken. At first I was doubt-
ful, but I doubt no more, for I
can truly say to you and to the
world that its use has improved
my health so much I feel like a
new man. For the past five years
I have been able to work but lit-
tle, with pains in my kidneys and
bladder. I suffered continually,
and until I began to take your
Malt Whiskey I got no relief, but
since then I have been growing
better every day. You cannot im-
agine how happy I am to be able
once more to walk three or four
miles without any of the old trou-
bles, and I sincerely thank you for
calling my attention to your val-
uable medicine, and be assured I
shall always keep it in the house.
If any one wishes to write me
concerning it I shall be glad to
answer."

Duffy's Pure Malt Whiskey is an
absolutely pure distillation of malted
grain, great care being used to have
every kernel thoroughly malted, thus
destroying the germ and producing a
predigested liquid food in the form of
a malt essence, which is the most
effective tonic stimulant and invig-
orant known to science; softened by
warmth and moisture, its palatability
and freedom from injurious substances
render it so that it can be retained
by the most sensitive stomach.

If in need of rest, take a tea-
spoonful four times a day in half a
glass of milk or water.
Duffy's Pure Malt Whiskey is sold
throughout the world by druggists,
grocers and dealers, or shipped direct
for \$1.50 a large bottle.

"THE PALE GIRL."
Did Not Know Coffee Was the Cause.
In cold weather some people think a
cup of hot coffee good to help keep
warm. So it is for a short time
but the drug—caffeine—acts on the
heart to weaken the circulation and
the reaction is to cause more chill-
iness.

There is a hot, wholesome drink
which a Dakota girl found after a time,
makes the blood warm and the heart
strong.
She says:
"Having lived for five years in North
Dakota, I have used considerable
coffee, owing to the cold climate. As a
result I had a dull headache regularly,
suffered from indigestion, and had no
"life" in me.

"I was known as 'the pale girl,' and
people thought I was just weakly.
After a time I had heart trouble and
became very nervous, never knew
what it was to be real well. Took
medicine but it never seemed to do
any good.

"Since being married my husband
and I both have thought coffee was
harming us and we would quit, only to
begin again, although we felt it was
the same as going to bed and not
getting up at all.

"Then we got some Postum. Well,
the effect was really wonderful. My
complexion is clear now, headache
gone, and I have a great deal of en-
ergy. I had never known while drink-
ing coffee.

"I haven't been troubled with indig-
estion since using Postum, am not
nervous, and need no medicine. We
have a little girl and boy who both
love Postum and thrive on it and

Week to Decide Question.

(BY DIRECT WIRE TO THE TIMES.)

NEW ORLEANS, Sept. 22.—[Exclusive Dispatch.] A conference will be held in Cincinnati next week, attended by Louis Cella, Samuel P. Henslip, president of the New Orleans Jockey Club, and other interests involved in the local tracks, when a final decision will be reached as to the policy to be pursued in New Orleans this winter. John H. Blackmer, representing the Cella interests, conferred with Mr. Henslip here today. He said:

"There is a disposition to close the tracks for two years with the hope that patrons will grow hungry for the sport. On the other hand it is feared that the hotels will find other means of attracting tourists and that in time racing will die out. These matters will be considered at the Cincinnati conference."

[ASSOCIATED PRESS NIGHT REPORT.] GRAVESSEND, Sept. 22.—An accident which occurred in the third race at Gravesend today came near resulting in the death of two boys, H. Smith and Yorkie, when their mounts fell in the stretch. Miramir and Dial Plate were close up when Dugan, on Shadow Glance, crossed over, causing both Dial Plate and Miramir to fall. H. TENNIS CRACKS COMING.

Eastern Men Who Are Due Today Will
Be Seen in Doubles Play for Two
Days at Long Beach.

Irving Wright, Nat Miles and Wallace Johnson, the eastern tennis experts who are on the coast visiting, will arrive here this morning from San Francisco as the guests of the Southern California Lawn Tennis Association and during their short stay will be located at the Hotel Virginia at Long Beach. They will be accompanied by George Wright, the father of Irving and Beale Wright.

The visitors are coming to see Southern California and every morning will be shown the points of interest in automobiles. This afternoon and tomorrow afternoon they will be the attractions at a men's round robin tennis doubles tournament to be given at the Hotel Virginia courts, the teams to be made up of Wright and Johnson, Miles and Overton, Bell and Bundy, Brown and Sinsbaugh and Duncan and Varlet. No admission fee will be charged for these games and while

all the tennis enthusiasts are invited, they must secure cards of admittance from any member of the committee or from the Hotel Virginia.

Weather permitting, the guests will be shown Los Angeles this morning. Tomorrow morning they will be taken to the Pasadena section and tomorrow night will be banqueted at the Jonathan club. Friday morning they will take a motor trip to the Palmdale and the Soldiers' Home and if they do not have to leave for the east Friday evening, they will be shown San Gabriel, Baldwin's ranch, Montevia and Covina on Saturday morning.

Of course they cannot be seen at their best, as the Virginia tennis courts are very much different from the grass courts they have been accustomed to in the east, but the enthusiasts in this end of the State will probably be satisfied to see them in action.

SAN FRANCISCO, Sept. 22.—[Exclusive Dispatch.] A good crowd of fans made the trip across the bay to welcome home the Seals, but the locals failed to land in the victory column, Dillon's Angels scoring the only tally of the game. This lonely run came in the third inning, and after that Williams pulled himself out of some tight corners, but twenty of his helped to fatten the southerners' averages.

Dillon and Brashear smote the Seal twirler for three safeties each, and Easterly and Oakes made two each. Hop was on the mound for the leaders and pitched an excellent brand of ball, allowing but six hits and showing fine control throughout. Williams was the only Seal who showed any partiality for his deliveries, annexing a couple of bingles during the afternoon.

The Seals' infield played snappy ball, two double plays being executed in major league style. McArdle was caught off the first bag in the eighth inning while singing "Asleep at the Switch," and the Seals' pitcher, Curtis, occupied third for the rest of the game.

(BY DIRECT WIRE TO THE TIMES.)

SAN FRANCISCO, Sept. 22.—[Exclusive Dispatch.] A good crowd of fans made the trip across the bay to welcome home the Seals, but the locals failed to land in the victory column, Dillon's Angels scoring the only tally of the game. This lonely run came in the third inning, and after that Williams pulled himself out of some tight corners, but twenty of his helped to fatten the southerners' averages.

Dillon and Brashear smote the Seal twirler for three safeties each, and Easterly and Oakes made two each. Hop was on the mound for the leaders and pitched an excellent brand of ball, allowing but six hits and showing fine control throughout. Williams was the only Seal who showed any partiality for his deliveries, annexing a couple of bingles during the afternoon.

The Seals' infield played snappy ball, two double plays being executed in major league style. McArdle was caught off the first bag in the eighth inning while singing "Asleep at the Switch," and the Seals' pitcher, Curtis, occupied third for the rest of the game.

FITZ TRIMS BULLY
OF LUMBER REGION.

(BY DIRECT WIRE TO THE TIMES.)

BENSON MINES (N. Y.) Sept. 22.—[Exclusive Dispatch.] Bob Fitzsimmons, former champion, went into training against a fighting French-Canadian lumber jack named Jim Paul here last night and gave him a good beating in the three fast rounds they fought. Paul, who was the terror of all the lumber camps of the northern woods, was considered invincible by his friends, even when confronted by a fighter of Bob's caliber.

Paul started in victoriously with the rough and tumble tactics which have made him famous all over the north country, but Fitzsimmons sent him to the floor with a right to the jaw. Recovering from this, the woodsman angered the old champion with a cut across the face and Fitzsimmons sent him to his corner dazed. The knock-out, which Fitzsimmons was ready to hand him.

THE CITY IN BRIEF

"Better late than never!"

NEWS AND BUSINESS.

Street Funeral.

The funeral of the late Webster Street, former Justice of the Supreme Court of Arizona, will be held at 3 o'clock this afternoon at the Pierce Brothers' parlors, No. 518 South Flower street. Interment will be at Inglewood cemetery.

Mysterious Fire.

A vacant house at No. 4609 Figueroa street, was damaged about 8 o'clock last night by fire. When it was discovered the screen porch in the rear was ablaze and about \$100 damage was done before it was extinguished. The house is owned by J. W. Summerville and is insured. The origin of the fire is a mystery.

Receiver Appointed.

W. J. Doran was appointed receiver of the Main-Winchester-Jensen Company, yesterday, by Lynn Helm, referee in bankruptcy. The local concern was involved in the failure of the Main-Winchester-Jensen Company of San Francisco, which tried vainly to consolidate various harness and leather concerns in this state.

All Well Weigh.

Secret Service Agent George Hasen sent one of his men to Pomona yesterday, to investigate a report that a number of counterfeit coins had been passed upon the merchants there. The rumor proved to be groundless. The only bogus coins found in the city are some that are kept as curiosities by one of the banks.

Welcome to Bishop.

A reception was tendered to Bishop H. H. Warren at the First Methodist Church last evening, at which a number of pleasant addresses were made. Dr. H. W. Brodbeck made the formal address of welcome to the bishop, and afterward there was a general reunion of friends. Bishop Warren will preside over the Methodist conference, which begins its sessions today.

Jewish Holidays.

Finds Pearl Saboteur.

Although out of work and hungry, C. A. Long, of the Hotel Oregon, refused to sell a valuable pearl saboteur he picked up in the street several days ago. Long yesterday reported to Detective Moffat that he had been unable to find the owner of the jewelry and asked the police to assist him in returning the property to the man or woman who lost it. "It might be valuable because of associations and I would want the other fellow to do the same for me if I lost anything of the kind," said Long, as he turned the sunburst over to the detectives.

"FRINGE OF GOLD."

Young Women Urged to Seek Ornamental Culture—Educational Rally at Y.W.C.A.

Several hundred women gathered in the lecture hall of the Young Women's Christian Association building last night for the first great educational rally since the association moved into its new quarters.

Rev. Arthur S. Phelps was the chief speaker of the evening and the programme included a piano solo by Mrs. Edmund O. Sawyer, Jr., a song by Mrs. Leo I. Stadden and addresses by Mrs. E. J. Marshall, first vice-president of the educational department; Miss Cora L. Tatham, general secretary, and Miss Elsie M. Whiting, educational secretary. Mr. Phelps said in part:

"My topic is 'A Fringe of Gold,' that addition which ornamental culture gives to the texture of a busy woman's life. How little of intellectual culture there is among the masses; how bare are most lives. I often wonder that some people get tired of living with themselves. Though only a fringe, this ornament is unmistakably apparent. It is within the reach of all. The educational courses of the association are so planned that the busiest life and the most leisurely, the young girl and the mature woman, find them adjusted to their needs.

"Seek only the best. Too easily satisfied might be written on the tombstone of many a mediocre life. A student is never alone. You may associate with the greatest and best men of the world at your own will, and in your sublimest moments. Nay, in your Bible courses, you may mount the heights of Sinai with Moses, stand on the street of Athens with Plato, and look into the very face of Christ on the mount of transfiguration. Your culture is not for yourself. An education that educates only one is an education in the school of ignorance. Was it not Dryden who said, 'The golden fringe of culture is the ground on flame? The fringe fuses the garment with its environment by a thousand subtle fingers. So use the culture you have acquired here that many a woman will say, 'God bless the wearer of the fringe of gold.'"

FIRE-WATER CASE.

Doi Martin of San Bernardino was on trial in the United States District Court, yesterday, charged with carrying liquor upon an Indian reservation near Banning. In defense, the claim was made that Martin was taking a short cut across the reservation to White Water Cañon and had no intention of selling the whiskey he carried in his suit case. The case will be resumed this morning.

JANE GREY'S FALLING OUT.
Actress of the Angel Face Tells Why She Quit.
Charges Persecution to One Who Adored Her.
"Pique" Asserts Manager of Theater She Left.

Because (so she says) the manager seeks her hand in marriage, Miss Jane Grey, the actress with the angel face, is going away from the Belasco Theater.
In a certain sense, she has already gone; another lady with an angel face has her place in the show, Lady Jane Grey, however, in the form of threat.

Actress Jane Grey.

late leading lady at the Belasco theater, whose little differences with prior Fred Belasco led her to leave the local stock company in a huff.

ated suits for defamation of character; savage threats of arrest; demands for public apology, and a fine prospect for a fast fight.

Monday and Tuesday and Wednesday and Thursday, she was persecuted, she says, by the baffled lover.

HEIP LIPS QUIVER.
Miss Grey is a pretty little lady. Her lips quivered with emotion; a distressed look was in her angel face; two scalding tears bedimmed her eyes (one scalding tear in the right eye and one in the left eye).

STRENUOUS.
WHIRLWIND WRECKS HOME.
Church Also Damaged; Pigeon Farm in Flurry.
Sudden Freak Storm Does a Lot of Harm.

Rain, wind, dust and more rain was the combination which Los Angeles and the surrounding country experienced yesterday as its equinoctial storm, and it came as a surprise, even to the weather man, who announces that it was a "squall."

PIGEON FARM FLURRY.
Up at the pigeon farm on the San Fernando road occurred the most spectacular sight. When the squall struck the high fences and hundreds of boxes for the birds, they fell with a crash, and over 100,000 pigeons flew up in fright.

MONEY BLOWN AWAY.
A curious incident happened on a Glendale car. Motorman Dixon was taking the car over High Bridge, just before reaching the river, when the wind struck it. The doors were open and the wind whistled through with a vengeance.

FARMERS PRAY MAY.
GAZE ASKANCE AT SKY.
A thunderstorm and lightning display but no rain, passed over the city yesterday. About 9 o'clock, however, the farmers began to get anxious as rain started to fall.

PIONEER DROPS DEAD.
Heart Failure Causes Sudden Demise of Well-Known Decorator at His Home.
George Christians, a pioneer in the decorative business in Los Angeles, who came here with his wife in 1883, dropped dead from heart failure yesterday afternoon at his home, No. 1316 Pennsylvania avenue. He was 41 years old, and leaves a widow.

ALL'S WELL THAT GETS USED TO HIS FACE.
GIRL FRANKLY TELLS FIANCE SHE DOESN'T LIKE IT.
After Courtship by Mail Russian Maiden Journeys to Los Angeles and Marries Man She Never Saw Before—Culmination of Novel Long-Distance Romance.

"He's all right, but I don't like his face," said Miss Yantle Schifflein of Russia, who yesterday, for the first time in her life looked upon the countenance of the man she had promised to marry.

The groom, Benjamin Rosenberg of Los Angeles, was a bit startled at this frank statement but announced that he would consult a barber and a taxidermist and see what improvements and alterations could be made.

The wedding was the culmination of a novel romance. Several years ago Rosenberg left his home in Russia to win fame and fortune in the United States. He left a brother in the old country, who soon married. "My bride has a pretty sister," Rosenberg in Russia wrote Rosenberg in Los Angeles, advising the latter to file a claim.

The Los Angeles Rosenberg was at a loss how to proceed in a courtship at such a long distance. Finally he decided to follow the advice of correspondence schools.

He wrote a long letter to the Russian girl and told her that it didn't matter if her first name was "Yantle," that he thought he could love her anyhow.

Miss Yantle answered in appropriate fashion telling Rosenberg what a hero she imagined he was and what a pretty girl all the Russian boys said she was.

In the course of this mutual admiration correspondence, the girl wrote that she thought Rosenberg must look like Gen. Okoskojensky. At which Rosenberg was highly delighted and went out and had his picture taken. He intended to send a photograph to the girl. That is, he had such an intention until he saw the proofs and then he awoke to the sad realization that he did not look like the general.

As the courtship proceeded Rosenberg kept on touting his virtues and the girl kept on telling how sorry she was for the poor and all the Russian boys would be when she left Russia. They used to make funny cross marks on the bottom of the letters and label them with a queer Russian word which means kisses.

At last Rosenberg wrote that the time was ripe to join in the holy bonds of matrimony. Miss Yantle said that the postage was heavy and that she would just as soon stop the correspondence business and get married as not. Then she came to Los Angeles, traveling over land and ocean to meet the man who looked like Gen. Okoskojensky.

Rosenberg greeted her at the station with manifestations of wild emotion. She looked back at the man she had promised to marry. Rosenberg is a good looking fellow, but not a disciple of the "brown" style of hair cut prevailing in Russia.

The young woman took another long look at her fiance and realizing that she would have to look at that face across the breakfast table for the rest of her life, paused to consider.

Then she thought of how far she had journeyed and how seasick she had been and remembering that she had no return ticket to Russia, she accepted Rosenberg on the spot.

"She is good and beautiful and I love her," said Rosenberg with enthusiasm. "He is nice, but I am disappointed in his face," said the bride, thinking of Gen. Okoskojensky.

HOOK MANY IN CHINESE PLOT.
Federal Grand Jury Indicts Alleged Smugglers.
Los Angeles Men Are Named in Court Papers.
Widespread Range of Scheme to Bring in Aliens.

After weeks of careful investigation of an alleged gigantic plot to smuggle Chinese across the Mexican border into this state, the local Federal officials succeeded yesterday in obtaining indictments against two Los Angeles men and three Mexicans who formerly lived near Long Beach. It is asserted

that other indictments will follow until the "smuggling trust" is entirely broken up.

Jesse D. Button, proprietor of the California lively stable on North Main street, and G. J. Patch, manager of an automobile livery, with a stand on South Spring street, were arrested last night by Deputy United States Marshal Franklin upon bench warrants issued by Federal Judge Wellborn. Both men were admitted to \$500 bail. They are charged with conspiring to bring aliens illegally into the United States.

Similar indictments were returned against Francisco Chavez, Ignacio Barrios and Salvador Armentes, three Mexicans captured several weeks ago near Imperial Junction, in charge of a band of Chinamen. These Chinamen have been located on vegetable gardens and in Chinatown. None of them had certificates and only a few made any attempt to resist deportation.

A report was sent to the Department of Commerce and Labor at Washington and Special Agent Taylor was at once hastened to the Coast. He spent some time in the North and then came to this city. He found that scores of Chinamen came here from Ensenada, by the overland route, and that others crossed the line near Calexico.

CAUGHT AT SANTA ANA.
The first case investigated was that of seven Chinamen, who were discovered at Santa Ana. They were in an automobile, said to be owned by Patch, and the Sheriff of Orange county, suspecting the fellows were trying to reach this city, promptly placed them under arrest and notified Inspector Ridgway of the local immigration office.

Six of the defendants made no defense and were promptly ordered deported. The other claimed to have been born in this state and put up a strong defense at the Commissioner's hearing, but was ordered back to his native land.

Though the Federal officials were reluctant to discuss the various phases of the case, they admitted that the band of smugglers in all probability had extensive connections in Mexico and this state.

Chinamen are permitted to land in Mexico, but the officials of the neighborhood.

EVENTS IN LOCAL SOCIETY.

THE wedding last evening of Miss Beulah Marie Price and David Emory Bradley, which was solemnized amid an artistic profusion of white blossoms and greenery in St. John's Episcopal Church, was one of the most fashionable of autumn events. After the service, which was witnessed by many friends, supper was served at the home of the bride's mother, Mrs. Edward J. Price of No. 2527 Severance street, where the decorations were also in green and white. Lilies of the valley and bride roses mingled their fragrance with the perfume of the flowers.

Miss Evangeline Duque, who will assist at an entertainment and reception to be given this evening.

rance and quantities of asparagus plumes added to the attractiveness of the arrangement. The bride looked beautiful in an exquisite gown of white meteor crepe, embroidered in silver with this she wore a long veil and carried a shower of lilies of the valley. The maid of honor, Miss Ella Bradley, sister of the groom, wore a fluffy creation of green chiffon and carried an arm bouquet of maidenhair ferns. The six bridesmaids, Miss Flora Guthrie, Miss Lucille Clark, Miss Selby Utley, Miss Doris Davidson, Miss Dorothy Macleish and Miss Josephine McMillan, wore becoming robes of pale green satin and carried arm bouquets of ferns. Fred O. Bradley, the groom's brother, was best man and the ushers were James P. Rupert, Mason, James Utley, H. Norton, W. Schmalz and Ben Mattison. Mrs. Price was attended in pale blue embroidered chiffon and Mrs. F. A. Bradley of Evanston, Ill., the groom's mother, was handsomely gowned in lavender voile. A special musical program was presented by Mrs. J. M. Jones, the harpist. After a month's trip Mr. and Mrs. Bradley will make their home at No. 2527 Severance street, where they will receive their friends after November 1.

Theater Party. Miss Elma French, whose engagement to Russell Killgore has been announced, was the guest of honor recently at a theater party at the Auditorium given by Miss Jessie Early of Pasadena. The guests included Miss Mabel McKenzie, Miss Bessie Paul, Miss Edna Blackmore, Miss Byrdie Claiborne, Miss Ellen Laurey, Miss Henrietta Bessacher, Miss Alice Early, Miss Dorothy French, Mrs. Harry Hough and Mrs. Leo Trayler.

Mr. Callender Honored. W. F. Callender of West Twenty-ninth street, who has been associated for years with the German-American Bank and who is now president of the Bank of Los Angeles, was tendered a surprise last evening by officers and employees of the German-American bank, who presented Mr. Callender with a handsome chair as a token of their appreciation. Mr. and Mrs. Callender, with Mrs. Callender's sister, Miss Emma Bates, left their home early in the evening to attend the Price-Bradley reception and upon their return found about fifty guests awaiting them. During their absence the house had been profusely decorated with flowers.

Denver Outing. Miss Della Bates, daughter of Mrs. Mary Bates of West Twenty-ninth street, left Monday for Denver, where she will visit Mrs. and Mr. Floyd Perry, who were Mrs. Bates's guests during the week.

At Home. Mrs. Jefferson D. Gibbs, her son and daughter, Vaughn and Edith, and Miss Ruth Morris, have been enjoying the month of September at East Newport, where they went on account of the ill health of the son. He was much benefited by the change. Mrs. Gibbs is now in her new home at No. 327 Wheeler place.

From Abroad. Mr. and Mrs. Josef Rubo returned yesterday from a three months' trip abroad. While away, they visited Germany, Austria and Switzerland. They are now at home to friends at No. 17 Clark avenue, Venice.

In San Francisco. Mrs. W. C. Furrey and Miss Minerva Greene, who have been sojourning at Tabernacle, are leaving for the week end. They are leaving for a few days in San Francisco.

Leaving Today. Miss Maude Oyer of West Twenty-fourth street leaves today for a trip to several points in the East and South.

Fined Benefit. This evening, a number of society matrons will give a vaudeville entertainment for the benefit of the sufferers in the Augusta. (Ga.) flood. There is much in the affair and it promises to be a great success. The performance will take place in Cumnock Hall and will be followed by a reception. Among those taking prominent parts are Miss Evangeline Duque, Miss Gertrude Workman and Mrs. Hazel Kirkpatrick.

Mrs. Knapp Hostess. In honor of her two daughters, the Misses Marguerite and Marie, Mrs. Knapp of No. 724 West Eleventh street entertained with an evening party. White flowers and foliage ornamented

the drawing-room and library and novel green cards, tied with bows of white ribbon, were used for scores. Assisting in receiving were Miss Helen Underwood and the Misses Bernice and Gladys Herget. The guests included were Miss Alice Davidson, Miss Ercell Hudson, Miss Florence Reynolds, Miss Emma Simpson, Miss Clara Marer, Miss Alma Thomas, Miss Irene Madson, Miss Beale Osburn, Miss Elfre Osburn, Mrs. Herget, Mrs. Lathrop, Ralph Morrill, Ralph James, John Underwood, Jr., William Taylor, James Herget, Edwin Jones, Floyd Mangas.

SHARP FIGHT NEARS CLOSE.

Rain Dampens Ardor of the Water Boosters.

Women Will Exert Influence on the Voters.

Citizens' Committee Replies to Mayor Earley.

PASADENA, Sept. 22.—With the election only twenty-four hours away, local interest centers in the contest for the success of the municipal water bonds for \$1,150,000. The rival factions, one headed by the Board of Trade which favors the election, and the Citizens' Committee, opponents of the bonds, seem about equal in strength. A two-thirds majority is necessary. Both sides have been carrying on a hot campaign for a week, and are prepared to do their utmost today and tomorrow. Last night the Board of Trade held a water meeting at the Wigwam on Green street, but the ardor of the crowd was somewhat dampened by the rain. Judge McGee, Dr. John Willis Dyer and A. J. Toolen were among the speakers. Prominent club women held a rally at the Shakespeare club house yesterday afternoon and following speeches by Mrs. Robert J. Burdette and Mayor Earley, the scheme was unanimously endorsed. Mrs. Burdette urged each woman present to make an active campaign for votes Thursday morning, stating that as the women taxpayers of the city did not enjoy the right of franchise, she considered it not unworthy to use their influence for the success of an issue so important to the future welfare of Pasadena. Among the strong points brought out by Mayor Earley was that the opposition, although publishing many arguments against the present scheme of purchasing the plants and claiming that it favors municipal ownership, has suggested no better way to secure the property than the present method. City Attorney W. O. Olmstead, in favor of the bonds. A written statement from William Mulholland of Los Angeles, indicating the bond election, and saying that Los Angeles is securing her water supply made investments precisely like this one, has stirred up considerable comment on both sides. The Tournament Park improvement bonds, amounting to \$200,000, seemed assured of a good majority. The polls will open at 8 o'clock tomorrow morning and close at 8 o'clock in the evening. Voting will be by wards instead of precincts as in the past.

SAYS STATEMENTS MISLEAD.
T. D. Allen, formerly City Engineer and one of the board of engineers who reported upon the value of the water plants in 1924, states that the use by the opponents of the water bonds of an "overwhelming majority" of the West Side company, is entirely misleading. Mr. Allen stated that the reductions asked for were just. He said: "Had the opponents of the water bonds published the evidence in the West Side company, it would have been of any value to them in their effort to defeat the most important undertaking in the history of our city."

THE OPPOSITION.
The Citizens' Committee has issued a statement in which it says: "We have conducted this campaign under the most trying conditions against an organization thoroughly prepared and equipped, having an abundance of money at its disposal and influence which have controlled the local press. The extreme unfairness of one local paper has been so marked as to defeat its own purpose. The water companies, so called, were organized, not as water companies, but as land and water companies. They owned the land and water and sold them jointly, and no power exists to separate or sell the water from the land. The practice of transferring the water stock property sold was universal until the water companies, by their own voluntary act, changed their bylaws and guaranteed water to the entire land originally sold by them, and urged that transfers of stock be discontinued. This act substantially removed all value from the stock. "The man who has purchased a little home in Pasadena and paid a good price for it by reason of the water privileges included in the sale, is justly indignant at this attempt to mortgage his property by this bond issue and to compel him to again pay for the water which he already owns and has paid for, and thus enrich the stockholder who has withdrawn from him the stock to which he is justly entitled."

Mayor Earley's public statements that water revenue under the new conditions would take care of \$750,000 additional expenses created by this bond issue are severely criticized. "Mayor Earley calls attention to the present income of the companies (carefully notice he mentions the gross income and not the net income), deducts the \$750,000 required to meet bonds and interest, and jumps at the conclusion that the remainder will meet operating and other expenses. New unbusinesslike and unwarranted are his statements, when it is well known that the operating and expenses of maintenance have exhausted the entire income of the companies in the past, excepting the small rebates illegally paid by 'whipping the devil around the bush,' as so aptly stated by Dr. Thomas in his address for the bonds."

the city, the water companies, which, as before stated, originally owned all the land where the water plants now stand, offer to the city all the remnants of these lands remaining unsold. Doubtless some of these might be valuable to the city, but the city is not in the land business. Moreover, the companies do not even definitely describe these remnants, which they offer to sell, nor offer to furnish the certificates of title to them, until the bonds have been voted, or the people are powerless to protect themselves. Water is what we now desire. You will observe that the companies do not presume to give good titles to the water or distributing plants, knowing full well the uncertainty of their position and title. "The influence of these transactions to the individual citizens is apparent, but far greater is the damage to our city which would result in exhausting \$1,000,000 of its resources in this manner. Let us defeat the bonds and at the same time set up in the city the question of providing the best municipal water plant possible for our city."

PROMINENT ELKS DIES.
Pasadena Lodge of Elks, No. 673, is in mourning today on account of the death of Frank R. Donohue, a member of the lodge, who died suddenly in Louisville, Monday. Funeral services will be held here on Sunday afternoon at 2 o'clock. Burial will be in Mountain View Cemetery. Mr. Donohue was a Shriner, a member of the local commandery, and the business world was representative of Mark Fisher Sons Company, New York. He left on August 8 for an eastern trip and was in good health. Heart trouble is believed to have been the cause of his death.

The third Pasadena to pass away from heart trouble in the past twenty-four hours was James C. Twoby of No. 1114 North Raymond avenue, who died yesterday morning. He was 62 years of age and had been a resident for the past four years, coming here from Spokane. Funeral services will be held at the Catholic Church Thursday afternoon. Father Farrelly will perform the rites.

PASADENA BRIEFS.
Light showers of rain followed a brief windstorm in this city yesterday. The local police are in receipt of a note from Mrs. Florence Auble, widow of Capt. Auble, thanking the local department for the funeral place sent as a tribute of respect to the murdered officer. The United Hebrew Society will hold New Year services commencing Friday evening, and continuing until Monday, and beginning again on October 3 and continuing until October 4. The Hebrew service will be at the chapel of Ives & Warren Company this afternoon at 2:30 o'clock. Rev. S. G. Dunham, pastor of the First Universalist Church, will officiate. Burial will be in Mountain View Cemetery. Mrs. Torrey, wife of the deceased, has been seriously ill for some weeks and has not yet been notified of her husband's death. Charles Belfort, aged 21, died yesterday at his home, No. 25 Elvado Drive.

SEEKING DEAD, NEARLY DIE.

MEN LOOKING FOR COCHRANE'S BODY ALMOST LOST.

Their Best Tips Over in Tidelip and They Narrowly Escape Watery Graves—Festival Association Out of Pocket—Defunct Bank Depositors After Dividend.

LONG BEACH, Sept. 22.—Over-sensitiveness to be the first to report the sighting of the body of Emmett Cochrane, which, if it is in the water, might come to the surface on this, the ninth day, nearly close to the life of a bathing season. A guest at Hotel Virginia this morning looking through a field glass, saw some "bull" and telephoned the boat-house that a man's body was floating on the water. Frank Woodcock and Raymond launched the lifeboat, but in crossing the last line of breakers, the boat struck the edge of a tide rip and was rolled over and the life savers were thrown into the deadly vortex. They fought their way back, though imperiled doubly by the lifeboat, which was being tossed about in the rip.

All day a close watch was kept for Cochrane's body, but without success. It is thought that a heavy storm from the southeast, which raged for several hours last night, may have blown the body to the surface tonight and that it will be found some tomorrow morning.

The after-noon with no warning and blew a gale, but there was little rain. The only launch in port safely rode out the blow. The barometer fell four points in an hour and then became normal.

LOSE MONEY ON FESTIVAL.
At a meeting last night of the Executive Committee of the Festival of the Sea Association, it was announced that although the affair had been a great success as an advertising proposition, the association was several thousand dollars out of pocket. It was the general feeling that the debt should be shared by all citizens and the creditors began shoving their bills with an alacrity that made the association's officers feel sorry.

A committee of twenty-five was appointed to make a canvass of the city for funds to clean up the indebtedness.

The Council made an inspection of the Alamitos Water Company's holdings yesterday and was highly pleased. There are five wells producing 4,000,000 gallons of water daily, which, by pumping, can be doubled. The company owns forty acres of water-bearing lands and fifty acres of other land, all of which is included in the offer to the city.

HIGH SCHOOL TOO SMALL.
At the High School the enrollment has reached 45, slightly more than there are seats for. No relief can be afforded until the completion of the new addition, which will be about the first of the year.

Depositors of the defunct Citizens' Savings Bank met this afternoon and heard the report of experts who have examined the books of the institution and decided to force another dividend of 10 per cent, which the receiver is said to have on hand.

WARM DISPUTE OVER CORPSE.

PYTHIANS, UNDERTAKERS AND CORONER FIGURE.

Monrovia Lodge's Orders Overruled and Members Feel Bitter. Bond Election May Be Called to Provide Funds for More Adequate Fire Protection.

MONROVIA, Sept. 22.—The coroner, two undertaking establishments and the local lodges of Knights of Pythias figured in a dispute today, as to who should take charge of the remains of Ralph Kruse, who died suddenly yesterday afternoon. Incidentally, the Santa Fe and Pacific Electric representatives of Walla Pargo Express Company are claiming a percentage of funds forwarded from the east by Kruse's mother.

The young man came here only a few days ago from Sierra Madre, where he spent the summer. He was in the last stages of tuberculosis and was looked after by the Pythians, of which he was a member. The coroner, who was in the park yesterday he had an attack of heart failure and died in a few moments. Frank Cochran, grand chancellor of the local lodge, which had been paying Kruse's sick benefit and had secured for him a boarding place, directed an undertaking man, Kirby, to take charge of the body. Kirby, who is a Pythian, was preparing to do so when the rival lodge, the Monrovia lodge, presented a telephoned order from the coroner's office that the body be taken to the morgue. The coroner acted in response to the notification of death by Health Officer Dr. R. E. Adams. He was unaware that there were two undertakings established in the city.

The lodge men are very bitter over the matter. The body will be sent East for interment. **BETTER PROTECTION NEEDED.** Should the Council adopt the recommendations of Chief J. A. Grandall of the fire department, a special bond election to provide funds for the purchase of needed equipment will soon be called. The chief thinks the city needs a combination automobile carrying hose, chemical machines, and ladders. Such machines were recently inspected at Hollywood and Long Beach. Monrovia officials approved. Fifty additional fire hydrants in the business and more popular sections are also recommended. It is probable that a bond issue of at least \$10,000 will be asked for. The movement for better fire protection is growing in popularity and it is not believed the bonds would encounter any serious opposition. It is asserted that the decrease in insurance rates would be sufficient to cover the cost of the equipment. The city has an abundance of water under high pressure in nearly every section and has facilities for using it for fire-fighting.

TEXAS MAY PROFIT. Accompanied by F. A. Dupuy and Street Superintendent F. M. Monroe of this city, and Herman Poelle of Los Angeles, a party of Texas capitalists and civic representatives have for several days been carefully examining Long Beach's tamped streets. The party includes Hon. Henriquez Omeles, Mexican Consul at San Antonio; C. A. Dodge of Houston; and Louis T. Bolls of El Paso. Don Omeles was also acting as representative for one of the North Texas states. The party was astonished at the success of the petrolium pavements and believe that the introduction of the method at points in other states under similar conditions permit, will soon follow.

REACHING OUT FOR TRAFFIC.

SAN PEDRO MAKES EFFORT TO ATTRACT TRADE.

Is Endeavoring to Get the American-Hawaiian Steamship Company to Send Its Vessels to Harbor and Thus Add to Commercial Importance of Ocean Gateway.

SAN PEDRO, Sept. 22.—A concerted effort is being made by the Trustees of the water and transportation of the American-Hawaiian Steamship Company to make San Pedro a port of call for its steamers bound north from Puerto, Mexico and Salina Cruz, its southern terminal ports. The company, which is a subsidiary of the Hawaiian ports, thence to Tehuantepec and north to San Francisco. Mayor Walton received a letter today from O. W. Cook, manager of the company in San Francisco, stating that the request was being considered and that the steamers of the company would require wharfage having thirty feet of water and a wharf of 100 feet long. The company is now working on the wharf and the wharf is now under construction. The wharf is now under construction. The wharf is now under construction.

As showing the importance of the American-Hawaiian business which has within a few miles of San Pedro a large fleet of steamships, the company's big freighter Columbian, Capt. Colcord, arrived Sunday at San Francisco. The freighter is now in the harbor and has probably been already delivered to the various consignees in San Francisco. The Tehuantepec route for freight is growing in popularity as the facilities for handling cargoes are fast improving at Puerto and Salina Cruz, on the Isthmus of Tehuantepec. It seems a natural and cheap way for transportation of eastern freight and merchandise to Los Angeles and San Francisco.

MOURN FOR OFFICER. Flags on all the ships in the harbor and on buildings throughout the city floated at half-mast today in respect to the memory of First Officer Peter Kendall, who died last night in Los Angeles. He was a resident of Los Angeles and was on duty on the steamship San Gabriel last Saturday morning, while discharging at the Harbor. Cusner Lumber Company's wharf. A telegram message received last night stated that the officer had been killed by a falling log. The officer was a native of California and had been in the service of the company for several years. He was a very popular officer and his death is a great loss to the company.
